

*Our mission is to make the Kingdom of God concrete in the here and now, not merely to make things slightly better, but to effect transformational change at every level.*

**Who We Are:** Cristo Rey Brooklyn's Board of Directors is comprised of accomplished and mission-driven folks from an array of professional and cultural backgrounds who work to guide the mission and ensure the financial health of the school.

**Our Mission:** Cristo Rey Brooklyn is a Catholic high school partnering with families of all faiths to educate deserving young people from underserved communities to become men and women of faith, purpose, and service. By integrating a rigorous curriculum, a unique work-study experience, and the support of an inclusive school community, we enable students to succeed in college and beyond with the values essential to a fulfilling life.

**What Makes Cristo Rey Different:** Our Corporate Work Study Program (CWS) helps to break down the socioeconomic and cultural barriers that often inhibit the future success of so many students. CWS places every student in a professional job one day per week for all 4 years of high school. Student Associates connect classroom to career, while helping to cover up to 50% of the cost of their high school education. These young women and men strengthen their social and technical acumen as they develop newfound awareness to pursue and excel in careers or industries they may not have otherwise considered.

**What Does the Board Do?** CRB does an amazing job forming and educating our students, who graduate college at levels equal to the national average of all students. The Board of Directors leads the way for that great work to happen. Directors engage in board and committee meetings where real needs turn into plans, policies, and funding that help our community move forward. Directors also participate in social and fundraising events to steward awareness and to bolster the fiscal strength of the school.
